# Traffic Management Measures

Sandhill Road

Sandhill Road

- Installed traffic calming measures to reduce speed
- Driver Briefing Package updated
- Increased staff presence monitoring the performance of our LGV and HGV movements will be maintained
- Placed additional signage and speed monitoring personnel and apparatus
- Continue to stop and brief all construction traffic exiting the work site and trace by an EWRA operative at the gate before entering the public road network
- Investigate with suppliers and re-brief fleet drivers/ supply chain

Twyford Footpath 4

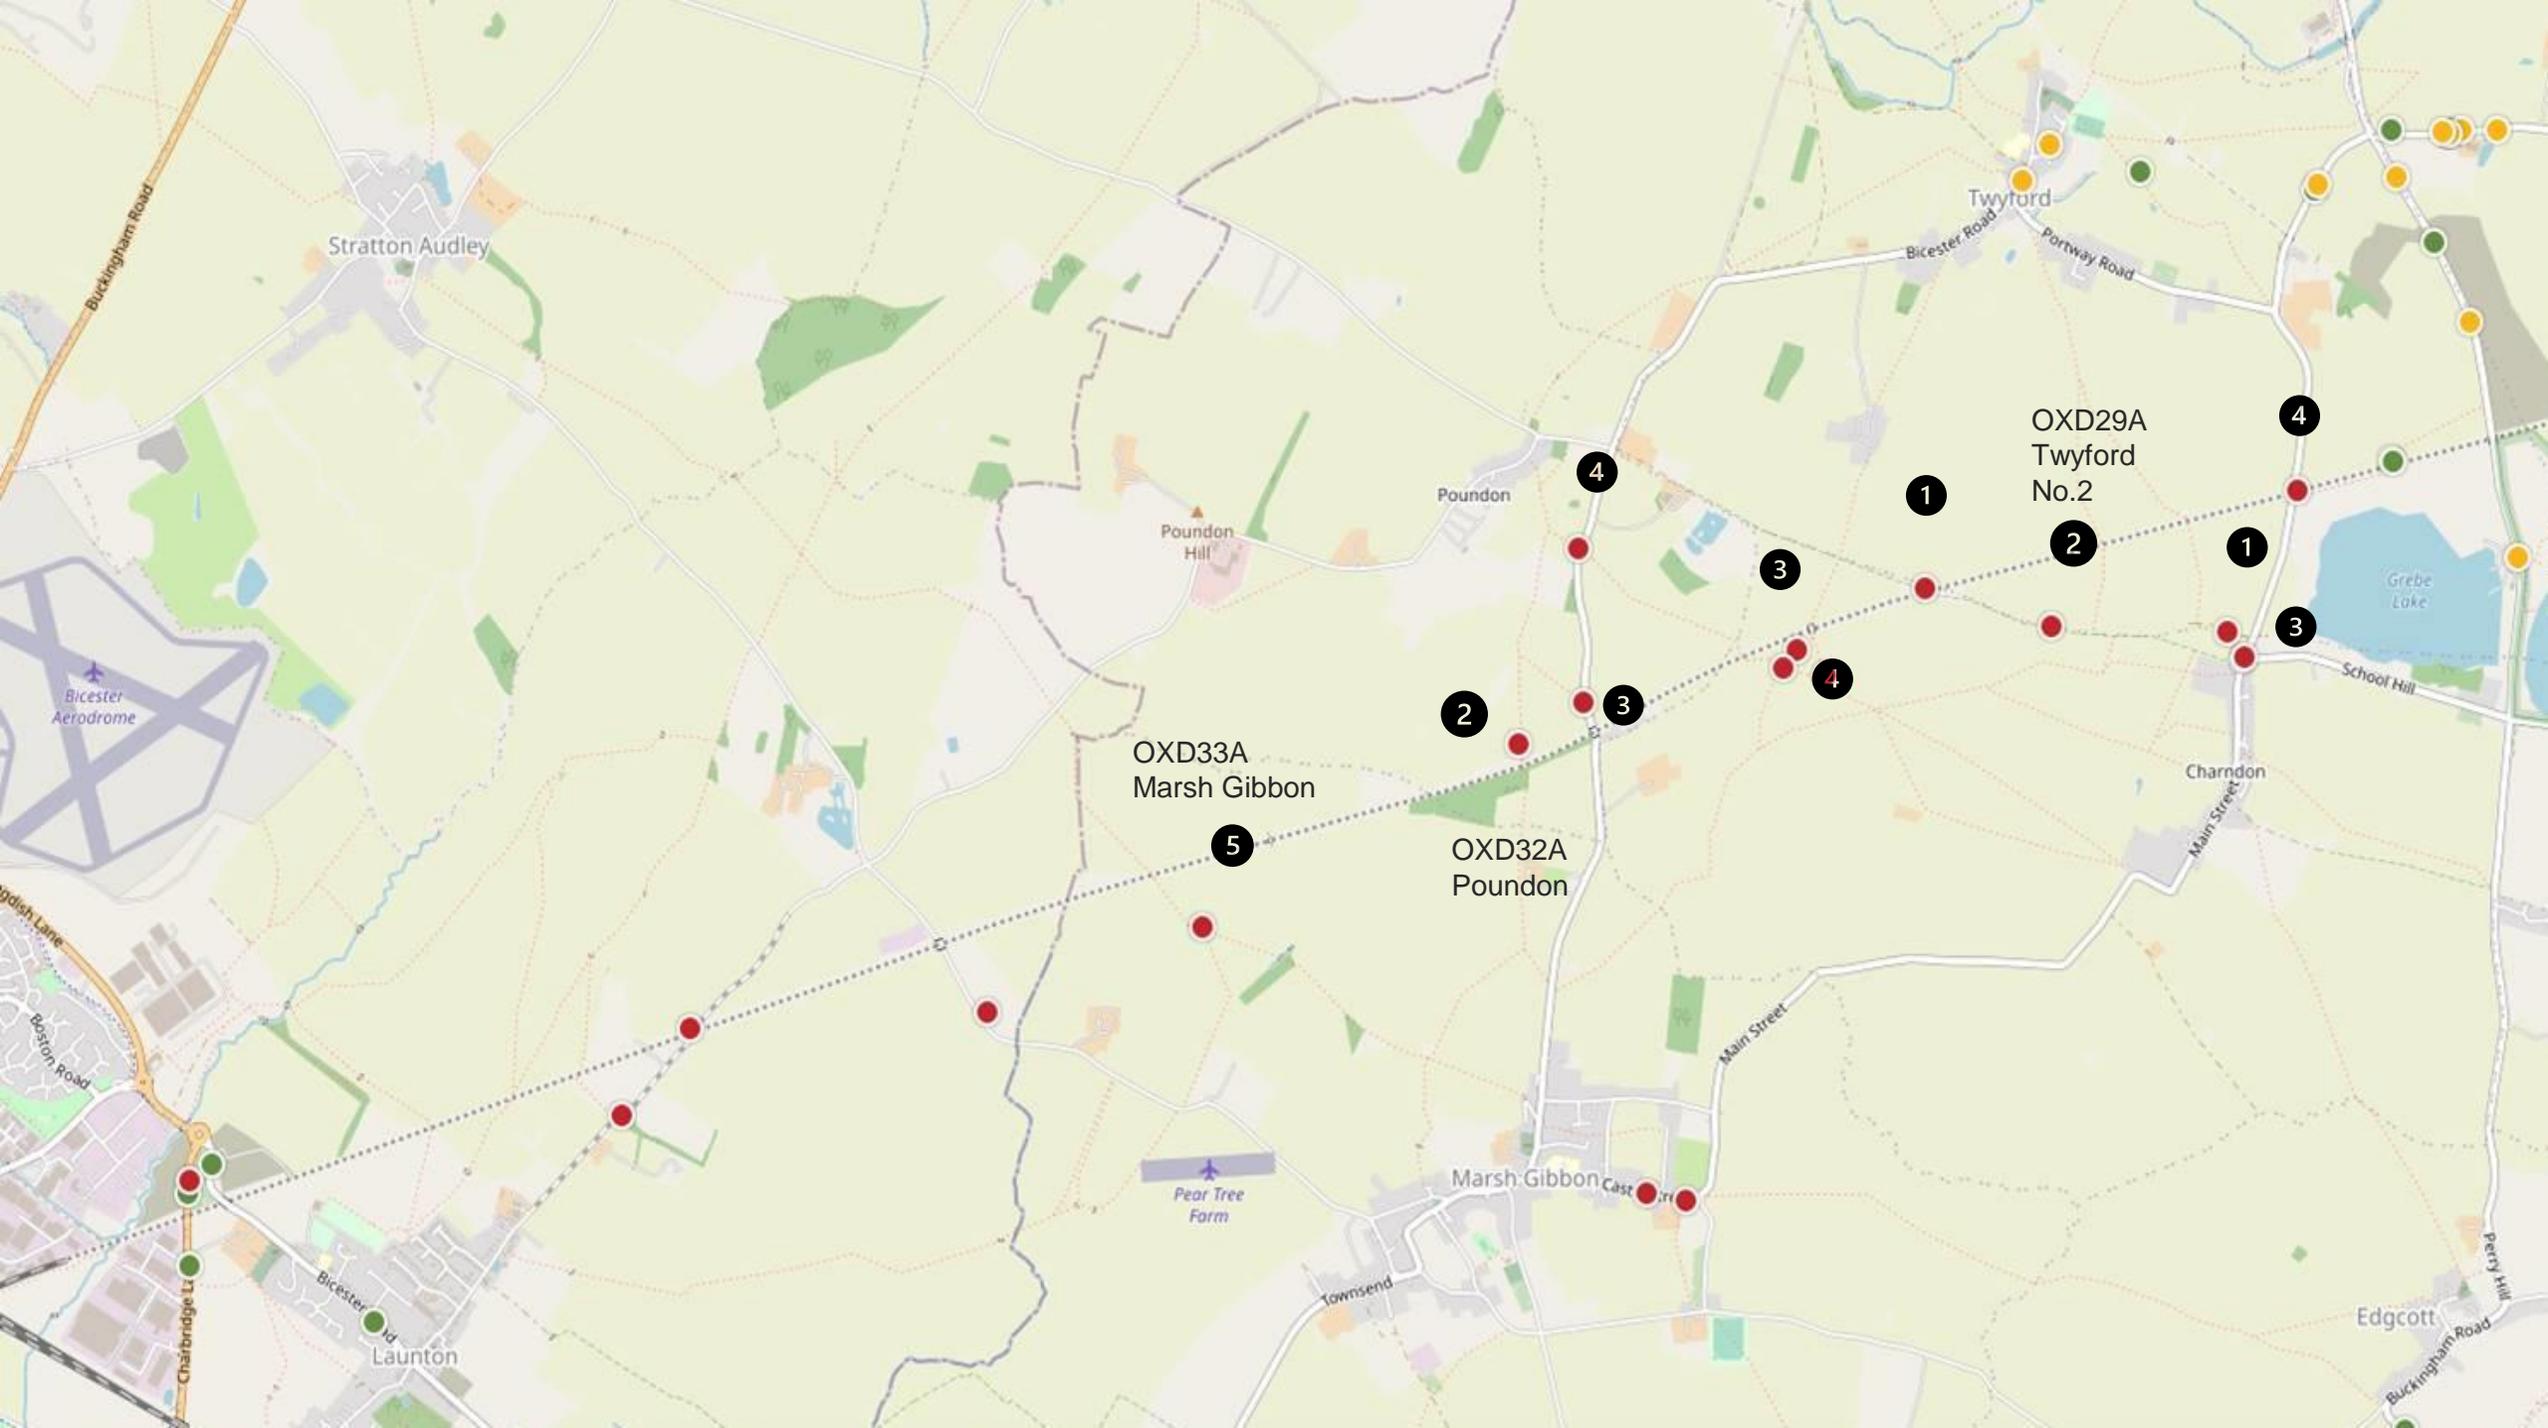

The footpaths which crossover the railway are closed until 2023 to ensure the safety of both the public and the workforce.

We are building new footbridges to allow people to cross the new railway safely.

We are also carrying out work to upgrade the current bridleway for construction traffic.

Once installed, we shall be reviewing the possibility of re-opening each of the PRowS.
