

Notice of trial holes, Brackley Lane and Calvert Road, Calvert

August 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. Further to the Covid-19 restrictions being relaxed we are now beginning to plan for future face-to-face engagement events and meetings. Whilst we continue to move forward, we will continue to communicate with communities via letters, online meetings and phone calls. You can sign up for regular updates in your local area at www.hs2.org.uk/in-your-area

What are we doing?

Further to our earlier advance works notice in April 2021 and subsequent newsletter update we are continuing with our works to divert utilities in the area. The drilling programme under the railway line is progressing as planned. Ahead of the utility trenching work to take place on Calvert Road and Brackley Lane later this year we need to complete some utility trial holes during normal working hours in the Brackley Lane and Calvert Road area, this is to mitigate any delays during the works and subject to approval by the local highway authority.

The trial holes in Brackley Lane will be within the existing verge near to the site entrance hoarding. In order to carry out the works safely we will need to install 24 hour 3-way temporary traffic lights on Brackley Lane with the junction of Cotswold Way, between 6 and 8 September 2021, please see map enclosed. The traffic light arrangement is similar to the one used earlier this year when we established the site entrances off Brackley Lane.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
