

Notice of Road Closures, West Street, Steeple Claydon to Twyford Area and Gawcott Road/Perry Hill

February 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

At the beginning of February 2023, we will be working with Anglian Water and BT, continuing underground utility diversion works on West Street. This work will involve the cutting and capping of a water main and connecting underground utility cables.

To carry out these works safely and effectively, a section of West Street will be closed with signed diversions put in place for approximately 2 weeks.

Following these works later in February, we will also be commencing demolition of the existing Gawcott Road/Perry Hill rail bridge as part of the realignment works on this road.

This will require the closure of Gawcott Road/Perry Hill with signed diversions put in place for approximately 2 months.

Both of these closures are necessary for reasons of safety, as our operatives will be working on and around the carriage ways in open trenches and removing a section of roadway.

When will these works take place?

A section of West Street will be closed from Monday 6 February until Sunday 19 February 2023.

A section of Gawcott Road/Perry Hill will be closed from Monday 20 February until late April 2023.

There will be no access at all through either section of road during these periods

These dates may be subject to change due to circumstances outside of our control, such as weather.
